SIBIL SIVADASAN

SOFTWARE TESTER & QA ENGINEER

sibilsivadas4@gmail.com | +91 8848859629 | Palakkad, Kerala | github.com/sibil-sibii

PROFILE SUMMARY

Computer Science graduate with knowledge in Manual Testing, Automation Testing, Java, Selenium WebDriver, TestNG, Maven, SQL, JMeter, Postman, Git and GitHub. Skilled in writing and executing test cases. Familiar with SDLC, STLC, Agile methodology and defect tracking using JIRA. Seeking a Software Testing role to apply my skills and gain hands-on industry experience.

TECHNICAL SKILLS

- **Automation Testing:** Playwright with TypeScript, Selenium WebDriver, Core Java (OOPS Concepts), TestNG, Page Object Model (POM), Maven
- **Manual Testing:** Agile Methodology, Defect Life Cycle, STLC, SDLC, Test Case & Scenario Design, Bug Tracking Tool (JIRA), Excel
- **API & Performance:** API Testing - Postman, Performance Testing – JMeter
- **AI Tools & QA:** Antigravity, Claude AI, ChatGPT, Gemini
- **Database & Tools:** SQL, Git and GitHub

PROJECTS

OrangeHRM Test Automation Framework | **TypeScript, Playwright, Anti-Gravity, POM**

• Engineered a comprehensive end-to-end test automation framework using Playwright and TypeScript, implementing the Page Object Model (POM) architecture for scalable UI testing.
• Leveraged Anti-Gravity to accelerate test case generation, streamline framework setup, and automate end-to-end execution across key application workflows.
• Applied core OOP concepts—including encapsulation and modular class design—to build reusable page components, type-safe models, and maintainable test utilities.
• Ensured high test reliability and fast execution by utilizing Playwright's auto-waiting capabilities, custom assertions, and asynchronous execution patterns to handle dynamic web elements.

Automation Testing Practice | **Java, Selenium WebDriver, TestNG, Maven, POM**

• Automated web application testing using Java, Selenium WebDriver, TestNG, and Maven with Page Object Model.
• Automated and validated various web elements, dynamic alerts, frames, and user interactions with custom testng.xml suites.

Sauce Demo (Swag Labs) E-Commerce Website | **Manual Testing Project**

• Analysed application requirements and designed and executed Test cases based on Functional, Performance, Usability and Compatibility Testing for Login, Product Listing, Cart and Checkout modules.
• Identified, logged, and documented defects with severity/priority categorization.

OBS Automobiles Application | **Manual Testing Project**

• Analysed SRS document and prepared test cases for Customer, Service Provider, and Admin Module.
• Executed manual test cases for Login and Registration functionalities in the customer Module; performed Smoke, Functional, and UI Testing.

EDUCATION & CERTIFICATION

Bachelor of Computer Application (BCA) | 2023 – 2026
VLB Janakiammal College of Arts and Science — CGPA: 6.93/10

5-Month Offline Software Testing Course | 08/04/2026 – 08/09/2026
Zoople Technologies, Kochi — Comprehensive hands-on training in Manual & Automation Testing, Selenium, Playwright, Java, JIRA, SQL, Postman, and JMeter.
